Dearest Benis,

In the name of African Action on AIDS, I congratulate you for your *Health before Wealth Project*. We are all very proud of you, as this is an Alumni post – program activity that is a demonstration that you are able to carry out activities in your Community.

According to AAA Mission Statement, **"We succeed when the youth we serve become agents of their own change and use their knowledge to change their communities"**. You are a role model! We are proud and as discussed assure you of our full support including: a) An allocation free of charge of: Extra water stations; Mosquito treated bed nets; Brochures on water issues; Bandanas with health messages. b) The presence of AAA Programme Officer and his team at your event to ensure that you have extra technical support.

AAA stays motivated by the evidence that efforts to educate our girls encourage them to give back. You are just the perfect example of systematic change happening at a grassroots level one school at a time. Your quote of the famous African American Thurgood Marshall during your presentation just summarizes it all: *"None of us got where we are solely by pulling our self-up. But because somebody bent down and helped us"!*

We can't thank the **Embassy of the United States of America, in Yaoundé** enough for giving you this opportunity.

Well done Lady!

Ruth Bamela Engo, President AAA
