Dear Dr Schauer,

As always, I was extremely proud and happy to receive the latest CoR Newsflash. My excitement this time had 2 main reasons:

- 1) After 50 years, the CoR elected two women Co-Presidents. While I definitely applaud equally for both, I also appreciate the fact that one comes from Africa;
- 2) For the second time, young women were given the floor through the CoR!

I congratulate all of you including all members of the Executive Committee and Honorary Presidents, where I recognize my very dear friend Ricardo Diez-H who is still an AAA International Advisor.

Now, let me return to all the fine readings contained in this latest Newsflash.

Million thanks for keeping me informed. I definitely appreciate that.

Best,

Ruthengo
