

Reactions from August AAA eNewsbrief 2021

1- Melanie and members, SI Tokyo-Shinjuku

Ruth,

Thank you so very much for sending the August AAA e-News Brief, along with your love and prayers for a safe Tokyo Olympics. Your wishes mean a great deal to us as the Games open tomorrow, and as the world watches the participants and also sees the results of all those who have given their energy in preparation.

It is valuable to read of the 64th session in Vienna of the UN Commission on Narcotic Drugs (CND) and know that the CND continues to meet challenges and facilitate remedies for the many problems, such as HIV, that are concurrent with drug abuse. It is also heartening to know that AAA through its health and education programs fosters prevention of such problems and strengthens future generations.

Our members will enjoy seeing the photo of Herta and Lilly 'in action' through their AAA representation in Vienna in April (virtually this year), and will be thinking of you and your crew, Ruth, as the Games begin. Much gratitude again for your warm thoughts.

Melanie and members,
SI Tokyo-Shinjuku
