

Reactions from November AAA eNewsbrief 2021

1- Melanie and members, SI Tokyo-Shinjuku

Dear Ruth,

Thank you for an immensely inspiring November eNews Brief, and a big congratulations to the world on the Day of the Girl Child, celebrated on October 11th!

Reading Emmanuelle's story and learning that AAA's motto is: 'Let the weak say I am strong' (from the Bible, and the hymn 'Give Thanks', which has personally moved me) leaves such a lasting impression of the work that you do to equip youth, and empower girls especially, to deal with and find a strong position in modern IT society. Your focus on not only health but also technical and language skills increases opportunities for these young people to become a vital part of the present and the future, as they gain confidence in themselves and are able to communicate globally.

I will happily relay Emmanuelle's story to our club members, and know they will feel the joy and pride her achievements that she has experienced, and in the work that you do for so many. Thank you, Ruth!

2- Anne Gregory, AAA Board member and Representative at UN Women

Dear Ruth,

Thank you for sharing these empowering statements from two AAA young women! I'm sure there are more where these come from!!!

My friend Toussichat (!) is ahead of the game when she writes about learning how to fix hardware problems that inevitably occur with computers. There is, and will be even more, such a huge need for that skill. Bravo Toussichat!!!

And I am heartened by the courage it took to translate on the spot for the first time in the taxi encounter. AND SHE DID IT! Another valuable and marketable skill. I look forward to the time she can help translate for me when I come back to Yaoundè!!

Thank you for your vision, and hard work, in pointing the AAA girls in a direction that will help them become strong and self sufficient!

Du courage!

Anne

1- Dr. Mag. Herta P. Kaschitz – Wuestenhagen, Board member AAA Representative in Vienna

Dear Ruth,

What an inspiring News Brief! A really fantastic story, a story that bodes well for the future of African children. And it is encouraging also for me since I still consider myself as an apprentice in the digital world.

Congratulations on the quality of the AAA students and congratulations to you!

Herta

2- Ruth Response to Herta

Million thanks dearest Herta, Member of AAA Board Directors!

I definitely appreciate your encouraging/generous congratulations, not only to me, but to all AAA board Members who work really hard on African children's education.

Congratulations to All of them, who not plan but also fund it!

Good day dearest friends,

ruthengoaaa
