Dear Ruth,

We are so happy to hear from you as the school year opens, and convey many congratulations to the new vulnerable girl chosen as the recipient of a full scholarship to AAA!

As Herta says, this is 'a great initiative' of former AAA girls giving to a new AAA girl. All the love, care, preparation, and education the nine donors received at AAA has been passed forward to keep the cycle of courage, health, study and empowerment going. These young women, going into the future, will always be part of each other's lives.

As time passes and the world changes more and more rapidly, we at SI Tokyo-Shinjuku understand ever deeply the pride taken in perpetuating the constants of efforts toward the blossoming of women and girls, so that they 'will never be alone'. Every girl who is helped becomes a woman who helps, ensuring that futures are bright.

Thank you, Ruth, for always being a source of good, and for sharing the joy that comes from it! A very successful school year to all students in Cameroon!

warmest wishes,
Melanie and members,
SI Tokyo-Shinjuku
