

Reactions from AAA eNewsbrief July 2024

Dear Ruth,

Many thanks for this most inspiring July 2024 AAA eNews Brief marking Nelson Mandela Day on July 18th. Truly, Mandela's urging us to 'Take Action, Inspire Change' can be seen as a potent way to deal with and uplift challenges to a special place of 'Community Solidarity' and 'Global Good'.

Thank you, Ruth, for sharing this July 18th event in Cameroon that impressed you and that let us witness a powerful photo of visually impaired youth who are following Mandela's dictum by receiving education in Information Technology and Computer Science. Through their and their communities' efforts, they will be able to enter the economy and the world empowered and justifiably proud.

Thank you also, Ruth, for all you and AAA do to continue to provide futures for the young, as well as peace in the locality and out into the world!

Melanie and members,
SI Tokyo-Shinjuku
